- 
- Tradition + Technology
 - Traditional know how
 - Material and technology must be merged.
 - Comunity involvement

- Tradition + Technology
- Traditional know how
- Material and technology must be merged.
- Community involvement

1. Finding waste in textile industries to create new materials;
2. Collaborate with the felt industry, creating new sustainable Products across europe;
3. Collaborating with artisans and small industries to give identity to the product
4. Collaborating with TCBL associates and enterprises across the value chain
5. Finding channels and opportunities

THANK YOU!
