

Production leftovers - The key to stimulate the Circular Economy

Global Change Award

AN INNOVATION CHALLENGE BY H&M FOUNDATION

Winner 2015

No Traceability

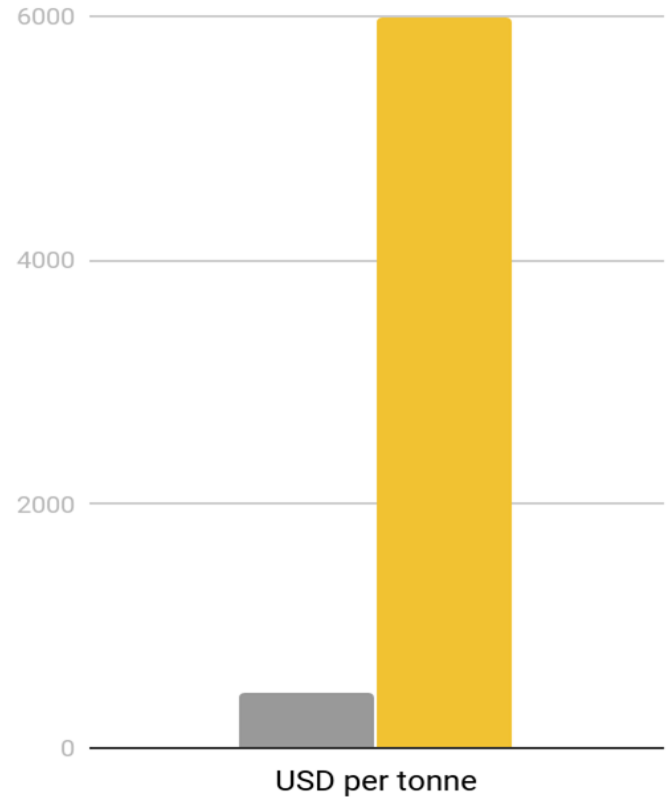

CONFLICT OF INTEREST

**In Bangladesh
around a quarter of
factory profits
comes from the
sales of textile
leftovers**

Price of leftovers **vs** price virgin fabric

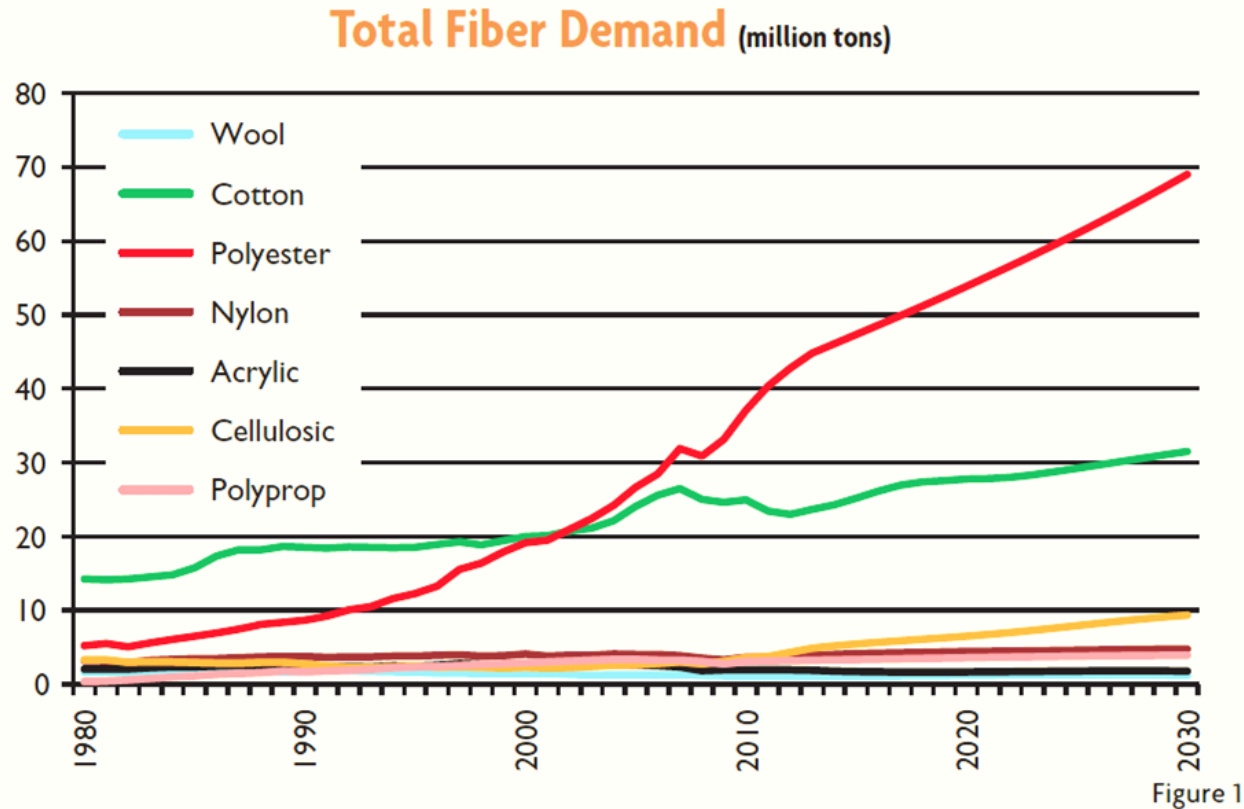

Annual Global PET Production:

60% - Textiles

30% - Bottles

Total Fibre demand forecasted until 2030 - As calculated by England-based PCI Fibres.

information

ɪnfə'meɪʃ(ə)n/

Noun : information

1. facts provided or learned about something or someone.

100% CIRCULAR
& RENEWABLE

2030

INDITEX
