

Re-structuring production

Strategic Axis Coordinator

Richard Axe

Textile Centre of Excellence

Re-structuring production

For local, more human, more efficient production

Raise awareness and engage consumers in production.

Improve workplace quality and learning on the job.

Addressing barriers and introducing opportunities for viable short run business propositions.

Re-structuring production

For local, more human, more efficient production

88 Labs, Associates & start-ups involved, **5** business models developed, **10** case studies produced.

«This networking, getting inspiration, helping each other really helps.»

Key target for 2025: +10% market share for short run textiles & for independent brands.
