Need

3 main observations:

- Increasing willingness of private individuals to play a role in societal transition
- Social businesses need long term financing to scale up and maximize their impact
- Finance has to be more simple, transparent and ethical

LITA.co, the #1 crowdequity platform dedicated to the sustainable economy

Approach

- A financial innovation to democratize impact investing
- Equity & quasi-equity fundraising, from 100.000 € to 2.500.000 €
- 5 strategic sectors: startup for good, local projects, sustainable real estate, SMEs & association in growth, renewable energy
- A complete European digital solution for investors management

How it works

- A selective selection process, «pitch» to the investment committee
- An expertise on social business investment & strong and challenging mentoring
- Online and offline campaign to gather social shareholders (private individual ambassadors, business angels network, family offices & VC funds)

- SAS, created in April 2014
- Pregnant woman and baby clothes renting
- Marketplace & stand alone store
- European development
- Funds raised with LITA.co : 700K€ in France, 80K€ in Belgium
- Co-investors : INCO & Phitrust (funds)
- Impact : water and CO2 savings

- SPRL, created in 2016
- Reversible baby and kid clothes
- Digital native vertical brand
- Funds being raised with LITA.co : 500K€ in Belgium
- Co-investors : in process
- Impact : slow fashion

What happens

Integration with TCBL

- TCBL Open Platform service offer: ethical financial partner
- Mentoring for startups (fundraising, business plan, impact measurement)
- European ecosystem – best practices.
